

ARIZONA
ASSOCIATION FFA

STATE OFFICER CANDIDATE INFORMATION SHEET

CANDIDATE NAME: Reilly Rich

CHAPTER: Red Mountain FFA

SAE: From growing a garden, to training animals, I have found interests in many SAEs. From my sophomore to my junior year I held a poultry internship on our land lab where I was in charge of multiple flocks and showed at fair. In my last year, I raised a market goat for Maricopa County Fair.

OFFICES HELD: During my junior and senior year I was president of my chapter and have been a leader in my local church through service coordinating and hosting.

FFA INVOLVEMENT:

I competed in Entomology and Nursery/Landscape where I placed 2nd individually and 1st as a team in both. This year I participated in the Agronomy CDE where I placed 1st individually along with my team in 1st. I have served at sunshine acres working with their barn program. My favorite event is SLC and I have loved attending all the small conferences over the years.

SCHOOL AND COMMUNITY INVOLVEMENT:

I have been apart of National Honor Society and my high school video production crew, while working with a local homelessness ministry outside of school.

EDUCATIONAL PLANS & GOALS:

In the fall, I will pursue an Agricultural Education degree at the University of Arizona.

WHY I DESIRE TO SERVE:

I want to be a person that FFA members know they can come to with anything. I want to make this year memorable for every member and help bring them out of the ruts with COVID. Through state office I want to meet students from all across the state and hear about their passions. I want to create a community for the members where they feel they are at home and can support a love for agriculture. I love that as a state officer you are able to help students in FFA as well as advocate for agriculture by educating various groups around the state.
